

*Thank you for choosing **Powerflow Heads**—  
the ultimate upgrade on your motor*

*You have the best Cylinder Head technology  
available*

**Important Notes:**

*Make sure you have no air filter cage restricting flow.  
Engines will performance on richer or standard settings,  
compatible for fuel injection.*

- ✓ -Valve seats, guides, seals, and springs have all been serviced or checked*
- ✓ -Your head is ready to go straight onto your motor*
- ✓ -Use an air filter oil that does not have a thinning agent in it*
- ✓ -Use upper Cylinder Head lubricant*
- ✓ -Head is ready for start - no running in needed*
- ✓ -Powerflow Head will meet all engine combinations required*
